

RAFAEL PORTELA

Portelarafael4@gmail.com

OBJECTIVE

Dedicated Full Stack Developer driving innovation through versatile expertise. Leveraging a robust skill set in JavaScript, Python, and more, I craft seamless web and mobile solutions. With a proactive approach, I optimized data analysis processes, fueling efficiency and productivity in a dynamic user-focused environment. Eager to embrace new challenges and languages, I am committed to propelling team success and fostering continuous growth.

EDUCATION

Bachelor | Computational Engineering

2020 - 2025

Courses included Data Structures, Algorithms, Computer Architecture, Operating Systems, and Software Engineering

EXPERIENCE

Full Stack Developer | Ellevo TI

2022 - Current

Contributed to a dynamic developer team, crafting a robust customer service software utilized by 300K+ users. Notable accomplishments:

🏆 Key Achievements:

- Remedied complex bugs, enhancing software reliability.
- Pioneered innovations in relational software development.
- Designed and implemented precise UI layouts.
- Proficiently managed database manipulation.

🔧 Expertise in:

Typescript | API Integration | MongoDB | C# | Angular | Bootstrap | .NET

Full Stack Developer Trainee | Kron Digital

2022 - 2022

Played an integral role in a dynamic developer team, spearheading the creation of cutting-edge software for Brazil's auto management industry, serving a vast user base of over 200K.

🏆 Key Contributions:

- Drove frontend and backend evolution through low-complexity development.
- Swiftly resolved intricate bugs, optimizing software performance.
- Translated visions into reality by crafting meticulously designed screens.

🔧 Expertise in:

JavaScript | API Integration | SQL | Java | Angular | Bootstrap | Spring Boot

Contributed collaboratively to a dynamic IT team, actively involved in the installation, maintenance, and optimization of corporate networks and computer equipment.

Key Contributions:

- Resolved technical challenges and ensured smooth network operations for efficient business processes.
- Assisted in the development and implementation of innovative IT solutions, amplifying system functionality.
- Played an integral role in troubleshooting and addressing technical issues, providing exceptional user support.
- Proficiently managed and maintained databases, contributing to data integrity and accessibility.

Expertise in:

Network Management | Hardware Maintenance | Troubleshooting | Database Management

SKILL

- | | | |
|--------------------------|------------------------|-----------------------------|
| • Full Stack Development | • Infra Solutions | • IT Solutions |
| • API Integration | • Network Management | • Agile Development |
| • MongoDB | • Hardware Maintenance | • Technical Problem-Solving |
| • Angular | • Troubleshooting | • User Support |
| • .NET | • Database Management | • Complex Bug Remediation |

VOLUNTEER EXPERIENCE

Youth Engagement Dynamo | Independent Church Batista of Curitiba

2022 - 2023

- Led exhilarating youth group gatherings, fostering a vibrant community of growth and camaraderie.
- Curated captivating events and activities, infusing youthful zeal into purposeful experiences.
- Mentored and championed individual youth members, providing unwavering guidance and support.
- Collaborated seamlessly with pastoral leaders, co-crafting a resonant youth ministry program.

Empowering Young Minds | Independent Church Batista of Curitiba

2022 - 2023

- Cultivated an engaging learning environment as Sunday School Teacher for ages 5-12.
- Crafted captivating lesson plans, seamlessly intertwining knowledge with core values.
- Nurtured cognitive and social development, guiding children toward their blossoming potential.
- My volunteer journey ignited inspiration and contributed to the vitality of a thriving community.
